Albosta Announces \$330,000 Grant To Build Access Road in Grayling

U.S. Congressman Don Albosta (D-MI) today announced that Federal, state and local authorities will grant \$330,000 to finance the construction of an access road into an industrial area in Grayling.

Albosta said the Farmers Home Administration and the Upper Great Lakes Regional Commission will each grant \$132,000 and state and local authorities will grant \$66,000 to build the industrial access road in Crawford County.

"This will open up the area year round to the Weyerhaeuser Company and the proposed 60-acre wood products industrial park and saw mill," Albosta said.

"I am very pleased at this grant," he added. "The creation of 250 new jobs for Grayling and surrounding area residents will help to alleviate Crawford County's high employment rate of 18 percent."

"This project again shows the good effect of Federal, state and local cooperation to improve the economy of an area by creating permanent jobs."

County — Prosecutor Disputes Head for Court Showdown

By Joe Schrader

A pair of thorny disputes between the Prosecutor's office and Crawford County Board of Commissioners are heading for resolution in a Circuit Court in Traverse City.

Prosecuting Attorney Alton T. Davis Friday filed a Complaint for Mandamus and Request for an Order to Show Cause against the Board as a result of its refusal to acquiesce to reinstating the salary of Chief Asst. Prosecuting Attorney, and, in a second matter, its recent resolution to discontinue

the Cooperative Reimbursement Program because he refuses to move into offices set up for the program in the County Building.

Both matters will be heard Thursday, June 19th before Circuit Court Judge Charles M. Forster.

In a news release dated June 13, 1980, Davis said the action was being taken "with regret." It followed a resolution by the Commissioners dated May 28, 1980 that calls for withholding and detaining funding for the Cooperative Reimbursement

Program, a federally-funded program Davis said "nets Crawford County between \$8,000 and \$12,000 per annum."

The program directs the Prosecutor's office to seek out parents and collect delinquent child support payments and is regulated by a contract signed by the prosecutor, the Board of Commissioners, State of Michigan and Department of Social Services. Davis' suit asks Judge Forster to restrain the county from withholding the funds, an action by the board which would mean a "payless payday" this

Friday for employees involved in the program.

Davis said Monday he is abandoning any hope of an amicable solution to the question of pay for the Chief Assistant Prosecuting Attorney and is asking Judge Forster to rule on that dispute as well, "I have not pressed the issue in the hopes that the Commissioners would see the error of their ways and take corrective action; to date, they have not done so," Davis said in his Friday release.

He is asking for reimbursement of the \$5300 annual salary for the Asst. Prosecuting attorney, retroactive to January 1, 1980 and payment of \$2,500 cut from the assistant's salary in 1977. The original suit was filed by former Prosecutor Thomas Kent, whom Davis succeeded after his resignation in May.

The county says the \$2500 salary reduction in 1977 had been agreed to by the prosecutor's office and that the decision to eliminate the 1980 pay for assistant prosecutor was only one of a number of

budget-paring moves aimed at reducing costs throughout the system. Attorney David Sabin, who will represent the county Thursday, said as far as the county is concerned, the fact several years elapsed before the 1977 pay cut was questioned represents acquiescence on the part of the prosecutor's office. On the 1980 salary elimination, Sabin indicated the prosecutor and then the attorney general neglected to take other public acts relevant to the question into consideration when ren-

Update on Weyerhaeuser Plant

In an update report on Weyerhaeuser Company's progress toward completing its first STRUCTURWOOD plant in Grayling, Tony Moore, project manager, said, "Things are progressing well, but acquiring permits and completing engineering are taking longer than expected."

The company's Air Quality Permit to Install is expected to be issued before the end of June. This permit is required before any equipment installations can take place and will allow Weyerhaeuser Company to begin logging and site clearing and grading.

In preparation for building

A.J.D. Forest Products, Inc., of Grayling has already been contracted to remove trees on approximately 60 acres of the 500 acre plant site located on Four Mile Road, one mile east of I-75. A contractor for site clearing and grading has not been finalized yet.

With site work beginning

later than planned, Moore predicts that construction of the 250,000 square foot building itself won't begin until spring, 1981. A major contract for the building construction will be awarded early next spring.

Late schedules on permits and site preparation will have a domino effect of delaying production start-up plans as well. Mid-1982 is currently targeted for start-up.

The company has received a number of inquiries about employment and encourages interested applicants to wait to submit their resumes until the company places a notice in local newspapers that it is accepting applications. Jane Nemke, Employee/Community Relations Coordinator explains, "We will not be in a position to hire plant personnel until several months prior to start-up, at the earliest. With our current timetable, that means 1982." She went on to explain that as a general practice, applications are kept on file for only one year, after which they are considered obsolete.

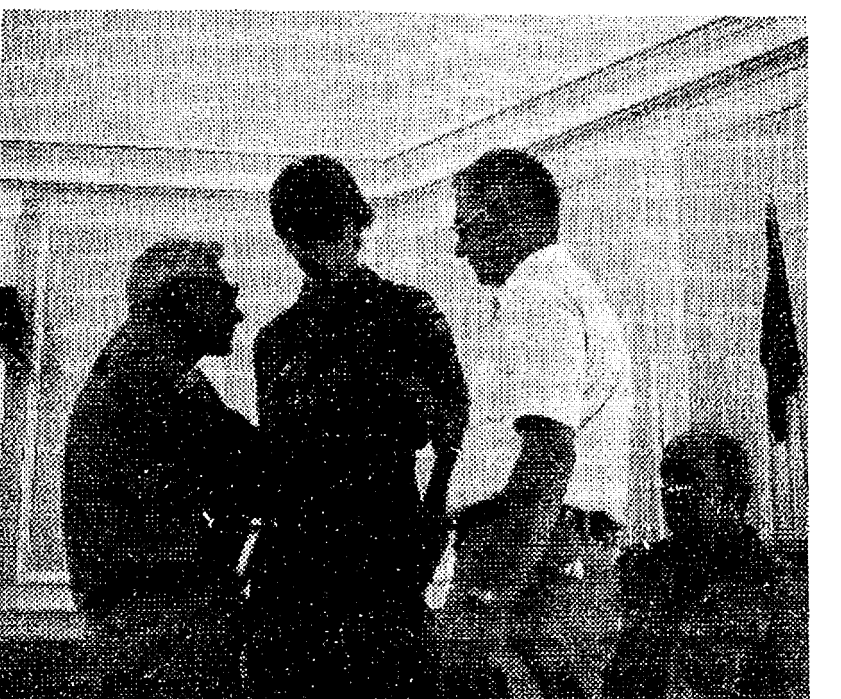

"We appreciate the interest people have shown in our Grayling facility and want to assure everyone that we will give the community ample notice through local media when we are able to hire," said Ms. Nemke.

Story Hour at Library

The Crawford County Library will have Story Hour again this summer. Any child in the community ages four through eight is invited to attend.

Story Hour will be held in the children's room of the County Library from 1:00 until 2:00 Thursdays July 10th, 17th, 24th and 31st.

Please register by calling the library at 348-9214 weekdays between noon and 7:00.

ATTAINS EAGLE SCOUT RANK—David Shires, Jr., 18-year old son of Mr. and Mrs. David Shires, Sr. of Grayling, was elevated to Eagle Scout, highest attainable Boy Scout rank, in Court of Honor Ceremonies conducted May 24th at Calvary Baptist Church.

Shown pinning on the Eagle Scout Badge is David Avis (left), Troop No. 997 Scoutmaster, and Leroy Rettel of Cheboygan, Dave's former Scoutmaster, while his father, David, Sr. (right), looks on.

Tom Pockrandt of Roscommon, District Chairman, was featured speaker at the ceremony, attended by 50 relatives and friends.

David's Eagle Scout Project consisted of directing a group of 10 scouts and adults in offering first aid services at this year's White Pine Stampede.

He plans to attend the 65th Anniversary of the Order of the Arrow this July in New Jersey.

Nowak Retiring as Chamber Mgr.

By Joe Schrader

Failure by members to pay annual membership dues has pinched the financial position of the Grayling Regional Chamber of Commerce like a pair of pliers.

That and an announcement by Chamber Executive Director Walt Nowak that he will retire from his post effective the end of August highlighted the monthly Chamber meeting held last Thursday at the Holiday Inn.

Marian Joseph, who assumed the presidency of the Chamber Board following the resignation

of Bill Bonkowski and death of Bill Kelly, chaired the meeting.

Nowak, Chamber Director since May of 1977, will retire with his wife Marty here in Grayling and will stay on to assist with chamber matters until a replacement is hired. A five-person search and selection committee consisting of Marian Joseph, Col. J.R. Lippert, Ralph Stevens, Nelson Miles and Bill Dietrich has been appointed to hire a replacement for Nowak, who will act as consultant.

Nowak's resignation was accepted. See Chamber on Page 8

Public Invited 38th Division to offer Special Events Friday

(Special to the Avalanche)

Camp Grayling-Grayling area residents will have the opportunity for a first hand view of training activities of the National Guard's 38th Infantry Division during a series of special events scheduled for Friday.

The public is invited to a special combined arms training exercise that will include participation by infantry, artillery, cavalry, mechanized and aviation units. The program gets under way with a display of military equipment and a concert by the 38th Infantry Division Band at 1:30 p.m. The training exercise, which lasts an hour, commences at 2:30 p.m.

The activity will take place at a Camp Grayling artillery

range northeast of Grayling. Visitors should turn right off Interstate 75 on North Down River Road and follow signs to a public parking area. The site is about 3 1/2 miles from downtown Grayling.

The equipment display includes some of the division's tank, artillery, aviation, helicopter and anti-tank weaponry. Personnel of the division will be available to explain their use.

The division's annual Civic Day observance also will take place on Friday. About 25 business and civic leaders from the Grayling area have been invited to a luncheon with representatives of the 38th and then will travel to the artillery range to observe the combined arms exercise.

The public also is invited to attend the division's annual review at 6 p.m. Friday at the review field near Lake Michigan.

Advisory Board Recommends New Middle School

By Joe Schrader

In response to a charge given by the Board of Education regarding the fate of Grayling's Middle School, the Citizen's Advisory Committee Monday night presented its findings and recommendations to the board.

The study began in March following the board's charge to recommend either renovation or reconstruction of the 64-year old education facility.

Chairperson Jack Stockhaus

School State Aid

Figures Released

Crawford-AuSable Schools will receive \$90,635 in State Aid and \$13,172 under Title I, according to a report issued June 3rd by State Senator Mitch Irwin of Sault Ste. Marie. The payment is scheduled for August 1st.

Neighboring school districts and State Aid figures released include: Kalkaska, State Aid-\$40,608 and Title I-\$35,000; Gaylord Community Schools, State Aid-\$56,221 and Title I-\$13,767; Gerrish Higgins School Dist. (Roscommon), State Aid-\$24,539 and Title I-\$6,104.

presented the committee's report, which unanimously urged reconstruction as opposed to renovation.

Excerpts from the committee's written conclusions regarding renovation read as follows:

"Renovation of the middle school is feasible. This option is not suitable when considering present educational goals and future needs. Renovation of this type of structure raised the question that a substantial amount of money could be invested today with little assurance that similar or worse conditions would not develop in 10 or 20 years. The existing site restrictions cannot be overcome by renovation. In fact, renovation will further reduce available open space."

After considering factors including renovation costs (50% to 70% of reconstruction costs), building life expectancy, operations and maintenance costs and educational needs and efficiency, the committee's recommendation was as follows:

Disaster Narrowly Averted in "Dud" Incident

By CPT Tim Everett, Camp Grayling

Tragedy was averted last week when a 200 lb. 8 inch artillery projectile was recovered from the Michaywe subdivision

near Gaylord.

Residents reported finding the shell to the Gaylord State Police Post and troopers immediately isolated the shell, while calling Guard officials at Camp Grayling. The shell evidently had been taken from the National Guard's artillery range northeast of Grayling.

Range officials from Camp Grayling joined State Police at the site, determined what the round was and the fact that it was extremely dangerous and notified explosive ordnance demolition (EOD) personnel at Selfridge Air National Guard

Base near Mt. Clemens.

The shell was removed to Camp Grayling for demolition by personnel of the 75th EOD Team at 7:36 PM on June 4.

Thus ended what could have been a "disaster" for anyone handling this 200 lb. explosive device. However, according to Lt. Norman Schmook, Camp Grayling's Operations Officer, others have not fared so well over the years.

"This business of removing 'duds' from the range areas of the Camp has been a problem for years," he stated. "The major problem seems to be that everyone thinks these strange looking pieces of metal are totally harmless, or at the very least, couldn't possibly do much harm. No matter what we say or how many signs we post or what we fence or even how many people are seriously injured seems to make any impression on people touring the

area or in some cases, those who have lived here all their lives."

The 27-year Artillery veteran went on to say, "While most of our area's young people are well instructed by Camp personnel, along with teachers and parents to leave these 'duds' alone, we still have occasions when someone gets hurt. See Disaster on Page 16

Warning

"Range firing will be conducted by units of Indiana and Ohio Army National Guard during the period 25-30 June 1980.

The Air to Ground Range and Artillery Range which is located east of Guthrie Lake and north of County Road 612 will be in use. Also, the Rifle Ranges west of the main camp and the Tank Ranges north of North Down River Road, west of Damon Truck trail, south of County Road 612, and east of Jones Lake Truck Trail will be in use during this period.

The ranges will be closed during the above dates and all persons are warned to stay out of the range areas."

Their victories included three triangular meets, a quadrangular at Gaylord, a 12-team Invitational at West Branch and 9-team Invitational at Petoskey. The squad broke 13 of 16 school records during the course of the season. (Joe Schrader photo)

Strolling Around Town

By Fay Bovee

The year is 1980—and to my knowledge, the last store in downtown Grayling, with the completion of the Cook's Cottage, will now have running water!

I didn't stroll far enough last week—missed the new raised sidewalk in front of the Eb File's on Peninsular. A young man at the Grayling State Bank was doing an excellent job of edging and sweeping the walks on Friday. Along with the flowers on the bank corner, it's an attractive business.

Fences and flowers are appearing everywhere—a divider fence between Phil Dunckleys and Richard Moshiers. We also saw Linda Moshier out planting flowers. The Earl Whaley's, Bob Ruddy's and Charles Gierkes on Maple Street all have petunias. There is a new sign at Penrod's and a freshly painted Jolly Redskin. Borchers' even have a new garbage receptacle which appears to be dog proof. Rochettes have increased their storage space and painted it attractively.

The Linendolls on Peninsular have a new pool and deck as well as fences and rosebushes—a big improvement to a lovely old house.

The former Danebod Hall looks clean in its new coat of paint. And across Michigan Avenue, the Al Kesteloot home has new siding on the base of the porch.

From Our Corner ...

With a happy, relaxing Fathers' Day behind the of fella, we are also lucking out on this week's corner...we have a couple guest writings we feel merits our passing on to our readers...

First, before we go any farther we should relate that our moon faced friend at Southend Leonard had the audaciousness to tell us last Friday while we were having a quiet orange pop at the 10th hole with our neighbors that our last week's corner was blah...we have had many blah columns, but, we didn't figure this was that bad...the only other reason we can figure out is that John wanted some free advertising in our space of the Avalanche...

While we are on the name of John...we haven't mentioned John Morill's name here lately...he's the guy with the Bay City Times circulation...now that little tid-bit should warrant an orange pop.

We received a call Sunday from Garnetta Findlay to find out if we had any room in our corner this week for a couple things she thought our readers might be interested in...

We feel the same as Garnetta...here-with is her contribution to this week's corner...

June 16, 1980

I came across this reading today. It just seemed fitting for our country's present situation. FROM (Pope Paul VI "On the development of Peoples")

"There is the scandal of glaring inequalities not only in the enjoyment of possessions but even in the exercise of power—the poor and scattered are deprived of nearly all possibility of personal initiative and responsibility and often times their living and working conditions are unworthy of the human person."

"A Tribute to Milbourne Stone, better known as 'DOC' on TV's 'Gunsmoke'.

"I can only hope that your portrayal of the kindly and beloved 'DOC' has left its imprint on the medical profession. Thanks so much for the hours of laughter and tears."

Garnetta

I cannot remember when I have read an editorial that moved us as much as the one that appeared in the Bay City Times last week and effects so many people in this strife with Iran...

The following appeared in the Thursday, June 12th edition of the Bay City Times and was written by Dave Rogers, Chief Editorial writer...

No apology to Iran, Mr. Clark!

Ramsey Clark, the former U.S. attorney general who made the outlaw trip to Iran, went a little too far in suggesting that this country apologize to Iran for its "crimes" there in support of the Shah.

We agreed with the intent of Clark's visit, hoping that a delegation with a viewpoint different from that of the official one of this nation might be able to achieve a breakthrough in the stalemated relationship. After all, any attempt at solving a so-called "intractable" problem is better than no attempt.

But Clark fell into the old trap of taking the side of the enemy rather than limiting his involvement to impartial negotiations.

"We owe them an apology," Clark said. "We have supported the shah and he has brutalized them and he has caused the deaths of many of them."

Certainly, the United States can't take the blame for the sins of every ruler it supports. We would have few allies left if that was where the line was drawn. The current regime in Iran is no better than the Shah, and probably worse. Yet Clark and others of his ilk would have us support them.

After all, whatever our actions in Iran, we were there at the invitation of the ruler of that country. And whatever was done was in an attempt to prevent the communists from gaining a foothold. Sometimes, we now realize, intervention in other countries is almost a necessity in order to preserve our own freedom and way of life. The independence of the oil fields of the Persian Gulf area are vital to continuance of the free world as we know it.

No, we don't owe the Iranian people anything. They owe us, however, the decency of international diplomacy, the release of our citizens being held hostage. Maybe then we'll be willing to discuss a resolution of their grievances against us. The American people are reasonable, but they won't grovel, or submit to blackmail.

Al Barkley of Mobile, Alabama and former owner of the railway, has donated the roundhouse and fencing to the Grayling Recreation Authority, who will decide what use to make of the facilities at the park.

AMERICAN FAMILY DYING?

According to U.S. News and World Report the traditional family is now in the minority. Divorces are up 65.3% over the past decade, according to the U.S. Department of Commerce data. Unmarried couples living together are up 157.4%. Children living with one parent are up 40.1%. Persons living alone are up 58.5%. If blood and marriage cannot keep us together as families, how is it possible for our nation to survive? If we cannot tolerate one another in the family unit, who will be willing to shed his blood for his nation?

Everyone is concerned about the future of the family, but who is willing to do anything about it? How do you deal with people

who have become so selfish and self-centered that they reject their family for self-pleasure or sexual sin? Have we already reached the point of no return?

Washington is now in the act to save the family. The White House Conference on Families became so packed with minority positions that they cannot even agree upon a proper definition of a family. We have organizations in this country fighting to destroy the American family. They are packed with sex perverts who don't know the difference between a boy and a girl. Sexually speaking, it is so queer they don't know one end of their anatomy from the other. Have we reached the Sodom and Gomorrah mentality in America? If our entertainment media is any indication, we have!

What is the Bible prophecy concerning this issue? "But as the days of Noah were, so shall also the coming of the Son of man be. For as in the days that were before the flood they were eating and drinking, marrying and giving in marriage, until the day that Noah entered into the ark." Matthew 24:37, 38. Divorce and remarriage characterized the generation before the flood. They will also characterize the generation when Jesus comes again to judge the earth.

The traditional Judeo-Christian values of a family are taught in the Bible. As Jerry Falwell said, God married Adam and Eve, not Adam and Steve. A normal Judeo-Christian family begins with a husband and wife who in turn are fruitful and multiply. People are added to the family by blood, marriage or adoption.

Please do your part to keep the American family alive. Husbands love your own wife as your own body. Wives submit to your husband as the head of the home and honor him before the children. Children obey both of your parents because God says it is the right thing to do. Inlaws cut the apron strings and let the kids live their own lives. These are Bible principles for a normal, healthy home relationship. (adv.)

Pastor Barnett

"Make sure your car insurance protects you in 'no-fault' states."

"If you're planning on a long trip by car, chances are, you'll be driving through states with 'no-fault' insurance laws.

"If you're covered by an Auto-Owners policy, you can relax. Auto-Owners provides protection automatically under its bodily injury and property damage liability coverage in 'no-fault' states.

"This kind of far-sighted protection is just one of the reasons we recommend Auto-Owners Insurance to the people we serve."

Auto-Owners Insurance is for auto owners, too.

Laila Kakkuri Receives Gerstacker Award

Miss Kakkuri is the sister of Mrs. Tom St. Germain (Marie) of Grayling.

Winners received \$1,000 for teaching-related travel, education or research, and an engraved sterling silver bowl.

Teacher Proficiency Awards are "to recognize and encourage continuance of excellent instruction throughout the Midland School System." They are supported by the Gerstacker family.

Miss Kakkuri, a Midland High business instructor, has been a teacher in the Midland school system for 35 years. She earned a bachelor's degree from Northern Michigan University and a master's degree from the University of Michigan. She taught in Manistique for three years before accepting a Midland post.

Bits O'Talk

By Fay Boyce

Bill Hatfield of Gainesville, Florida visited his parents, Mr. and Mrs. Howard Hatfield. Bill attended a convention in Chicago previous to his visit here.

Tim and Nancy Perry, Kelly and Angela, of Greenwood, Indiana visited his mother, Mrs. Irene LaRush, and her mother, Mrs. Thelma Hubbell. They came for Susan Hubbell's graduation.

The Robert Mahaneys on the AuSable River was the scene of a special graduation party Sunday, June 8 for graduating seniors, Joe and Matt Mahaney, Bill Weaver, Roger Shively, Brad Wejrowski, Nathan Gibbons, and Chris Lepsy. The event was a pig roast for about 350 people hosted by the Mahaneys, the Bill Weavers, Mrs. Ann Shively, Mrs. Mary White, and the Tom Gibbons. The afternoon and evening were complete with a big tent, lots of games and music for the friends and relatives of all the boys from town and out-of-town.

A graduation Open House was held for Mark Whaley at the home of his parents, Mr. and Mrs. Earl Whaley of Michigan Avenue on Sunday afternoon, June 8, for friends and relatives. The Whaleys also hosted the relatives for refreshments after graduation on Friday evening. Glen Whaley called from Montana to congratulate his brother on his achievements.

Mr. and Mrs. Donald Ward of Mecosta, Michigan visited Mrs. Joseph Kasper on Saturday.

A retirement dinner for Mr. Bob Kunding was held last Saturday evening at McGuire's in Cadillac. Mr. Kunding was an employee of the Cadillac Overall Company in Cadillac for 30 years. He came to Grayling when the companies merged. Those attending from Grayling were the John Rolfe's, Jim Bendig's, Ken Chapp's, Jim Kolka's, Roger McDaniel's, Arthur Carlson's and Chuck Stoddard.

Pauline Lutz Purcell and friend, Jim Sabin of Lansing and Mrs. William Brooks, (nee Christine Lutz) of Durand were weekend guests of Mrs. Bill LaRush.

Mickey & Bob Strong II, Stef and Beth, Arron Donakowski and Jerry Skiba of Alpena were Sunday dinner guests of Bobs parents.

Guest of the Arthur Carlson's Graduation weekend were their daughters and husbands, Julie & Rod Powers, of Mears; Cindy & Bob Graham of Petoskey; Christine Olson & children of Lawton. They were here to attend the graduation of their cousin Corlynn Meech. On Friday evening a small party was held at the home of the Arthur Carlson's honoring Cory, also attending were Mrs. Sharon Shepler of Harbor Springs and Mr. LeRoy Christian. On Saturday all were guests at a family dinner held at the Holiday Restaurant in Houghton Lake. Cory & her mother, Ms. Amber Meech were the guests of honor. Also attending was an aunt, Burnis Meech and a cousin Richard Carlson.

Gierke Reunion Held May 31

On Saturday May 31, 1980, the first Gierke Reunion was held in Wolverine, Michigan at the Albert Gierke residence. Originally it had been planned to use the Wolverine Village Park, but the weatherman didn't cooperate with us.

There were 38 family members and 3 guests in attendance coming from Grayling, Houghton Lake, Gaylord, Holly, N.Y. and Wolverine.

After a delicious pot luck dinner was eaten, everyone visited and some even tried their luck at fishing on the Pigeon River. Because of the weather, the games which had been planned couldn't be played, so prizes were given to all the children. Also prizes were given to the following: Albert and Marilyn Gierke for being the hosts, Emma Hinkley of Holly, N.Y. for traveling the farthest, Leelah Korhonen for being the oldest one present, William LaValle III, 5 week old son of Audrey LaValle was the youngest one present.

A gift was given to the Tony Doremire family for being the largest family present. Nancy Forbes received the door prize.

It was agreed by all that we should have another reunion next year. The committee in charge will be Sharron Hagerman, Diana Doremire, Nancy Forbes and Carol Kolka. We hope to see everyone there next year.

Scoliosis Screening Completed

Scoliosis Screening has been completed for 5th, 7th, and 9th graders in all Crawford County Schools, according to the nursing division at District Health Department No. 1. The purpose for the screening which began in January and February 1980 is for possible early detection of Scoliosis, a spinal abnormality usually detected during the adolescent years of growth.

In Crawford County Schools, 518 students were screened, 20 students were referred to a follow up clinic at Munson Medical Center Hospital in Traverse City, where 7 students were referred to their physician for further follow up care. 2 of those 7 students were found to need immediate treatment.

Area orthopedic physicians who assisted in follow up clinics were Dr. John Esslinger, Dr. Ron Clark, Dr. Barry Wickstrom, and Dr. John Bruder.

District Health Department No. 1 would like to express sincere gratitude to Crawford County Schools, Munson Medical Center Hospital, Crippled Children's Division of Michigan Department of Public Health, and to parents and students for their cooperation with this preventive screening program.

GRAND OPENING AT JOHAN'S—Johan's Pastry Shop was officially welcomed to Grayling last Saturday morning with a ribbon-cutting ceremony held in conjunction with the store's Grand Opening.

Mayor Sandy Thompson is shown doing the honors with the help of owner John McLellan (to the mayor's right), while downtown neighbors and community officials look on.

Johan's, located in the former Francois' Building on Michigan Ave., offers a complete selection of pastries and operates a second store in Petoskey. (Joe Schrader photo)

Chamber

(Continued From Page 1)
cepted "with regret", as was the resignation of Bonkowski from the board presidency.

Board members mulled over the financial plight of the Chamber, created by a drop in the receipt of annual dues from about 20% of the membership.

According to Nowak, membership totals about 250, with dues amounting to, if all paid, about \$32,000. Nowak attributed failure of about 20% of the membership to pay 1980 dues to the economic crunch. Delinquent dues amount to \$5,000-6,000, Nowak said.

The dues collection problem was turned over to the Executive Committee for study and the Board approved a motion to borrow \$2,500 to meet financial obligations for the month of June. Nowak indicated donations from the City of Grayling and Grayling Township are anticipated in early July, and receipt of those revenues will help ease the financial dilemma.

Other Board matters:
•The members heard a proposal from Jack Hull of Miller-Christensen Real Estate to lease office space to the Chamber in the M-72 West Industrial Plaza.

Hull said the accommodations would enlarge C of C space by 330 sq. ft. and include a private office. A committee consisting of Jerry Walker, Dean Molnar and Bill Rutter was appointed to study the proposal.

•Members Ok'd a list of nominees for board posts presented by committee chairperson Sherry Hanson. Nominees for 4 openings on the board for 3-year terms include: Jack Hull, Miller-Christensen Real Estate; Ralph Stevens, Carlisle Paddles; Ted Kortjes, Northern National Bank; Steve Southard, Ray's Canoe Livery; Duane Nimke, Mercy Hospital; Dan Priestap, Dan & Maggie's Arrow Gas.

Three candidates will appear on the ballot for one, 2-year term including Luke Petrosky, Comfort Center; Judy Gibbons, Weaver's Gifts and Ernie Dawson, Flowers by Josie.

Of the candidates, only Ralph Stevens is an incumbent. Other terms expiring are for Marian Joseph and Nelson Miles.

Nowak said ballots will be sent members in July for the board election and terms will become effective September 1st.

Dean Molnar and Jerry Walker were on the nominating committee with Hanson.

Advisory

(Continued From Page 1)

1. The existing middle school should be reconstructed.

2. The present middle school facilities should be disposed of in an acceptable manner with the exception of the vehicle maintenance facility. The existing gymnasium could serve as a community center.

3. A timely school census should be taken to provide a sound data base for projecting student population.

4. Consideration should be given to the following methods for enhancing greater controls and economies in operational costs: 1) the inclusion of central administration services within the new site and 2) the shared use by the middle school and high school of existing modern facilities and lands currently operated by the district for educational purposes.

Following discussion of a number of points included in the report with advisory board members, Board President Kathleen Burkley thanked the committee for the thorough report and scheduled a board workshop for June 30th to review the recommendations in detail.

Mr. Lawrence Mattis, Chairman Crawford Co. Bd. of Commissioners Crawford County Building Grayling, Mi 49738

Dear Larry,

It is with regret that I tender to you my resignation from the Crawford County Board of Commissioners, effective June 13, 1980.

It has been an honor to serve the people of District No. 5, and an honor to have served with this board. Each of you has my deepest respect for the tremendous effort you have put forth in the last year and a half, and my best wishes for success in the upcoming election.

While it saddens me to leave a job unfinished, I am confident of the Board's good judgement, and know my seat will be filled by a conscientious representative of my district. Be assured I am available to assist whomever you appoint, so that this transition will be as smooth as possible.

Needless to say, I will be watching Crawford County's year-end budget figures, and praying with all of you that our two years of painful fiscal restraint will have earned Crawford County the balanced budget for which we have worked so diligently.

Sincerely, Jacqueline A. Bonkowski Commissioner, Dist. No. 5 Board of Commissioners Crawford County

A GRAYLING FIRST—The first Jr. Girl's Conference ever in the state of Michigan was held here in Grayling at the Holiday Inn on May 31st.

Arrangements were made by the American Legion Auxiliary, Unit No. 106, who hosted the program and provided lunch for the group of 172 members in attendance.

Tina Marie Sutherland (above photo, standing left), 15-year old Roosevelt High freshman honor student, was elected American Legion Jr. Auxiliary President during the conference. Wendy Woerner of District No. 7, Utica, Mi., standing next to Miss Sutherland, was elected Vice-president.

The conference started at 9:00 a.m. with the presentation of American Flags and unit banners from around the state. Lunch was served at the Grayling American Legion Post and drawings for door prizes was held immediately following. Little Rachel from Chief Pontiac Post in Pontiac, Mi. drew the seven winning names.

Shown in the photo is a group of Junior Auxiliary members conducting a skit for conference attendees.

The colors were retired at the conclusion of the meeting at 3:00 p.m.

Violet Kehr, President of the Grayling Auxiliary, expresses appreciation to registration committee members Goldie Moore, Evelyn Thunander and Donna Bielski for their help at the meeting. Also to the luncheon committee consisting of Lois Kesteloot, Eloise Schmidt, Joyce Ingalls and Leota Ingram, and to the fine local merchants for their donation of door prizes.

Myrtle Gage, Department Junior Activities Chairman of St. Helen, played a major role in arranging the Grayling conference. (Joe Schrader photos)

**WIBC Rep.
To Be Here
Tuesday, June 24**

Nationwide, sanctioned women bowlers are becoming more familiar with the policies, procedures and benefits of the Women's International Bowling Congress. This increase in awareness by WIBC members is due in part to the work of the organization's field representatives.

Traveling thousands of miles every year, the WIBC field representatives visit women's bowling associations throughout the United States offering guidance and counsel to the leaders of its 4.2 million members.

One of the representatives, Miss Joyce Bird, will visit Grayling, Michigan, on Tuesday, June 24, as a guest of the Grayling Women's Bowling Association for its 7 p.m. forum meeting at the American Legion-Meeting Room, 305 James Street, Grayling.

She will be available to answer questions pertaining to rules, tournaments, procedures & policies of WIBC. Although no official association business will be transacted at the meeting, she can also assist the association with any local problems.

Included in the program will be discussions of many WIBC services, the WIBC Championship Tournament, American Junior Bowling Congress, collegiate and senior division programs, promotion plans of the National Bowling Council and any new plans or projects of WIBC. Sessions often end with the showing of one of the popular films available from the WIBC library.

The meeting is open to all members of the women's bowling association and the officers of the local junior bowling association.

Editor's Mailbox

Dear Whitey:

While I am impressed with the artistic image that so many of our downtown merchants are presenting, I am going to single out the Grayling Mercantile to praise for the new scene displayed on the back side of their store.

The reason I have selected the Mercantile to comment on is that for the past 4 years they have had the courtesy and good taste to display the work of our Grayling Elementary second graders. We feel very privileged to have had this opportunity of self expression and patriotism displayed at so prominent a position downtown for such a length of time.

We offer our congratulations to Bill Joseph for this attractive addition to the downtown area. While this new scene may triumph over us in artistic ability, I do not believe the creation of it was approached with more enthusiasm and pride than was shown by our second graders.

Thanks Bill, for allowing our children this opportunity and experience. It is obvious from the artistic works displayed on your store, both past and present, you've got class!

Sincerely,
Melvin G. Nunn
Grayling Elementary Principal

Some fearless forecasts

RICHARD MILLIMAN

Time once more for one of our infrequent strolls, barefoot among the potpourri...this time, primarily presidential political potpourri:

How about some fearless forecasts. For example, Prediction No. 1—Jimmy Carter will win the Democratic nomination. Prediction No. 2—Ronald Reagan will win the Republican nomination. Prediction No. 3—Jimmy Carter will win in the November election.

That last prediction has no sort of scientific basis. Instead, it comes partly from intuition, partly from emotion, and partly from guesswork. It is, as we used to say in not-so-polite company, a gut feeling.

And, let's try Prediction No. 4—as a third party candidate, John Anderson will not carry a single state.

Remember, folks, these predictions come from the same usually reliable source who forecast just a few months ago—before the first presidential primary, before the first delegate-seeking caucus, back in the pre-campaign days—that Jerry Ford would win the Republican nomination, that Walter Mondale would win the Democratic nomination, and that Ford would beat Mondale in November.

Ah, well. We try. The Wall Street Journal, in a front page piece, recently asked these rhetorical questions about Mr. Reagan:

"The central questions about Ronald Reagan are less about his character than about his capacity. Does he possess the intellectual depth to handle the demands of the Oval Office? Can his conceptual grasp of foreign and domestic difficulties go beyond his effective, but superficial one-liners? Is he so rooted in the simplicities of the past that he is blind to the complexities of the present and the future?"

The Journal paragraph hits the nail square on the thumb for many of us who are caught in the center of the Carter-Reagan dilemma, not particularly relishing the prospect of voting for one or the other. If we could be assured of the

proper answers to these questions about Mr. Reagan, it would simplify our electoral chore considerably.

Many of us have watched Mr. Carter's performance in office, and do not like what we have seen. But we contemplate Mr. Reagan in the same job, and wonder.

That's why, I guess, I have come to the conclusion that a majority of the voters in the November crunch will come down on the side for a known quantity instead of an unknown quantity, distasteful as that choice may be.

And whatever happened to George Bush? His departure from the presidential race was unusual, to say the least, coming as it did on the heels of his whopping victory in Michigan.

Bush's decision had caused thousands of Michigan voters, who contributed to his 57-32 percent margin over Reagan here, to question the importance of the Michigan primary. Why bother if the winner just drops out anyway?

When Mr. Bush's campaign highlight was the last primary just before he quits, you've got to wonder, both about Mr. Bush and his campaign, and about the system altogether.

One news story claimed that Bush had traveled 358,000 miles in his campaign, had appeared at 1,500 events, and had spent more than \$16 million. And he can't make it.

If we continue with the primary system we have come to know and love, the American people have set rather strange criteria for leadership. There has to be a better way.

The Michigan Primary showed Governor Milliken has tremendous punch with Michigan voters...but we all knew that anyway. It's rather expensive way to prove it all over again.

Milliken's stumping for Bush was admirable and effective. Bush's backers must wonder whether the story for their champion might have been different if Governor Milliken had started showing his support earlier in the campaign. Could be.

BOARDWALK RIBBON-CUTTING—The Milltown Boardwalk, offering a selection of soft ice cream and luncheon items, was feted Saturday morning with an official ribbon-cutting ceremony.

Located in the former Avalanche building on Michigan Ave., the Boardwalk owner Bob West is shown standing to the right of Mayor Sandy Thompson in the above photo. Friends, neighbors and employees participated in the ceremony.

Opening of the Boardwalk represents another step forward in the improvements taking place in the downtown area this summer. (Joe Schrader photo)

Knapp-Kersey Vows Spoken

The marriage vows of Miss Mary Ruth Knapp, daughter of Mr. and Mrs. Jon L. Stevens and Mitchell Ray Kersey of Ormand Beach, Florida, were spoken at 5:30 Thursday afternoon June 5, 1980, at St. Andrews Methodist Church, South Daytona, Florida. The doubling ceremony was performed by Rev. Walter Sain. The altar was decorated with white mums and gladiolas.

Music was presented by the bride's friends. Selections were the traditional "Wedding March", "Evergreen" and "More".

For her wedding the bride chose a white Qiana floor length gown with a round neckline of Venice lace and trimmed with white pearls. The veil was also of Venice lace and was held in place with a pearl crown. The bride carried a bouquet of daisies and lilies of the valley with blue streamers.

Miss Dorothy English of Ft. Wayne, Indiana was maid of honor. Her gown was of baby blue Qiana and she carried a bouquet of white daisies and blue carnations.

Dr. Douglas Kersey, brother of the groom, served as best man.

The reception was held at Ormand Beach at the residence of Debbie Kersey. A lovely lawn buffet was served.

Following a week's honeymoon on the East Coast of Florida the newlyweds will make their new home in Tampa, Florida where Mr. Kersey is an associate manager of the Red Lobster Inn.

The bride is a 1976 graduate of Grayling High School and the groom is a 1974 graduate of Ormand Beach.

GHS Baseball Team Ends up 8-16

By Joe Schrader

During a season that included as many as games a week, the GHS baseball club, under Head Coach Fred Wolcott, compiled an 8-16 overall season mark and concluded the year 1-9 in the Huron Shores Conference.

Wolcott said lack of pitching depth hampered the team, which ended the year with a 5-4 loss to Rogers City in pre-district tournament play.

Although disappointed at the club's record this year, the coach said the kids played hard all year and returning players learned a lot by playing the second half of scheduled doubleheaders during the season. Following are the final batting statistics:

PLAYER	AB	H	R	BB	RBI	AVG.
Money, Joel	22	9	3	2	4	.409
Trenary, Brad	48	18	12	5	5	.375

Vinegar Uses

Vinegar has been valued since ancient times. The Babylonians used it as a preservative and condiment and began

flavoring it with herbs. Hippocrates, considered the father of medicine, valued its curative powers. As recently as World War I, vinegar was used to treat wounds.

FAMILIARITY

We attended the wedding of a friend recently in a neighboring city. When we first entered the church everything seemed strange, the hymnals, the words of the service, until we heard that familiar phrase, "Our Father Which Art in Heaven." Suddenly it was as if a door had been opened to us.

With the others in the congregation, with the beautiful young bride and her new husband, we repeated those words which, over the years, have given hope to men and women in all kinds of churches all over the world; and we realized that despite the surface differences we are, all of us, actually one community.

God's House has many different entrances, but they are all equally available, to be passed through and shared with Him by everyone.

Disaster

(Continued from Page 1)

ding an explosive device they know they should have left alone. This happened to one of my daughter's friends last spring when dropped what is believed to be a practice 40 millimeter grenade round which had been picked up from the range at Camp Grayling. Thankfully, his injuries were relatively minor, but that hasn't always been the case."

"About five years ago, a young Guardsman from Mesic went range picking with a couple of friends after a weekend training session here. He picked up a 106 millimeter recoilless rifle rocket, put it in the back of his pickup and took it home where he threw it down next to his trailer. In the spring, his wife told him to get rid of 'that thing before it hurts someone.' He did; by putting it in the crotch of a tree, standing back about 50 meters and shooting at it with a deer rifle. When the shell exploded, a large piece of schrapnel took his right leg off just above the knee. Sound unbelievable? It happened!"

Tourists to the area pose a special problem, the Colonel went on to say. "For example, last summer two families who regularly visit the Grayling area picked up some 'duds' from range 40, up near Jones Lake. They evidently took them home to southern Michigan and while they were being handled, exploded. Four children were injured, one so seriously she will need extensive plastic surgery and skin grafts. The parents acknowledged that they had taken these devices from the range, but thought they were harmless."

"We have had problems with people cutting up our range targets for scrap metal, but the real problem is the danger from the unexploded munitions which litter the area around those targets. These are usually old tanks and armored personnel carriers and after they are fired at repeatedly, they are more likely to have unexploded shells around and even in them. We have not had a serious injury yet, but I keep dreading that phone call that will tell me someone else did not heed the many warnings posted all over the camp."

Lie. Schmoock concluded by restating an old maxim of his, "To my knowledge, no one has ever been injured by a 'dud' while walking at Camp Grayling, only by playing with them."

EDITOR'S NOTE:
A "dud" is an explosive device that has been fired but has not exploded. It is like a bomb that may explode when it is touched or dropped—maybe not the first time, but always with deadly force.
No one can tell a "dud" from a harmless shell just by looking at it. Even an expert must rely on years of training and skill and even he isn't certain ALL the time.

It is imperative that everyone understands that live ammunition and explosives are used on all bases and are NOT TO BE REMOVED under any circumstances.
Should any member of your family have in their possession or have knowledge of persons having "duds", ammunition, explosives, gas grenades, simulators, etc., in their possession, you or they should call Camp Grayling at 517-348-7621 and give the name, address and phone number of the person concerned and the location of the munition. DO NOT ATTEMPT TO MOVE IT, REPORT IT. The appropriate explosive ordnance demolition (EOD) team will dispose of the item.

PUNITIVE ACTION IS NOT INTENDED OR IMPLIED AGAINST ANY PERSON TURNING IN AN ITEM. The main concern is to remove the danger of these "souvenirs" from you, your family and your neighbors.

Dispute

(Continued from Page 1)

dering an opinion.
The squabble over office space began in March when the Board told Davis to move administration of the program into room they made available in the county building. When Davis, who said the space was not adequate and even more importantly lacks confidentiality, refused, the Board issued a resolution May 29th restraining any further disbursement of funds.

Davis questions the board's authority to take such actions but a June 10th move deadline set by the county passed without incident.

Davis said the county first approved a 1980 budget for the Cooperative Reimbursement Program amounting to almost \$36,000 last September. Subsequently, the board sought a change and reduction to about \$29,000, although Davis said its only real expense is a \$700 annual office supply cost. The county disperses the other funds initially, including salaries, but is then reimbursed by the state, Davis said. The program is operating now on a budget set for 1979 because the state has failed to approve any budget for 1980.

A percentage of the monies collected for child support under the program goes to the county, as well as statutory fees paid the Friend of the Court. The county was paid \$8,164 in 1979, said Davis, who added the figures for this year would probably be about the same. This goes into the county's general fund, he noted, and an even larger percentage of support money collected goes to the state.

The prosecutor is reimbursed by the state for office rental, office supplies and equipment. Davis said he did not think the county could get paid for office rental since the county building is a public facility. He said he thought the county's only financial gain by moving administration of the program would be a several hundred dollar offset against its annual office supply cost.

Sabin indicated the county sought the move to the court house as an economy move. He said office equipment is available for use there and the county was willing to remodel and rearrange the office setup to meet the needs of the prosecutor in administering the program.

The move would save the state about \$10,000 now paid the prosecutor for rent and office equipment, Sabin said, and is indicative of the county "recognizing its obligation to save taxpayer dollars." He said Davis has displayed a continued unwillingness to consider the move, even on a trial basis.

The cases are set to be heard at 11:00 a.m. Thursday morning at the Traverse City Government Center.
